

Premium Glass Whiteboard

The Rapidline Glassboard is a premium visual communication tool designed for executive boardrooms and modern collaborative workspaces. It features a non-porous, 4mm toughened glass surface that ensures a stain-free writing experience with standard whiteboard markers. This minimalist board is reinforced with a galvanised steel back and stainless steel fittings to provide a durable, professional presentation solution.

PRODUCT DESCRIPTION

Provides a non porous writing surface that prevents ghosting and permanent staining.

Compatible with all standard whiteboard markers for daily administrative use.

Stainless steel fittings provide secure and stable wall mounting.

Galvanised steel back ensures structural reinforcement and board flatness.

Minimalist design facilitates clear visual presentations in professional settings.

Constructed from high quality 4mm toughened safety glass.

Includes architectural stainless steel holstered fittings.

Features a durable galvanised steel backing plate.

Clean and minimalist aesthetic suitable for contemporary office interiors.
